

From	To	Monday, June 7, 2010													
10:00	11:30	1:1	Opening Session												
11:30	12:00	Students' competition - Presentation of awards													
12:00	13:30	Lunch													
13:30	15:00	2:1	Energy use and sustainability in transport												
15:00	15:45	Coffee break													
15:45	17:00	3:1	The European green cars initiative			3:2	Integrated traffic management			3:3	Safer transport				
17:00	19:00	Break													
19:00	21:30	Cultural Event and Welcome Reception													
From	To	Tuesday, June 8, 2010													
9:00	10:15	4:1	Future transport												
10:15	11:00	Coffee break													
11:00	12:15	5:1	ICT for energy efficiency			5:2	The future of transnational research			5:3	Cooperative Systems				
12:15	13:45	Lunch													
13:45	15:00	6:1	Infrastructure	6:2	Sustainable mobility and planning	6:3	Traffic management and control	6:4	Joint research needs and agendas	6:5	Field Operational Tests	6:6	Future energy for road transport	6:7	Poster session
15:00	15:45	Coffee break													
15:45	17:00	7:1	Modelling/Estimation/evaluation	7:2	Infrastructure and environment	7:3	Vehicle/highway systems	7:4	European joint programming and funding of research	7:5	Human factors and driver behaviour	7:6	Green house gas reduction - Energy efficient vehicle and effects of	7:7	Poster session
19:00		Gala dinner and encounter with Magritte													
From	To	Wednesday, June 9, 2010													
9:00	10:15	8:1	Urban mobility												
10:15	11:00	Coffee break													
11:00	12:15	9:1	Logistics and multi-modal transport			9:2	Mobility challenges for cities			9:3	Intelligent transport systems				
12:15	13:45	Lunch													
13:45	15:00	10:1	Logistics and freight transport	10:2	New materials – part 1	10:3	Urban transport system and services – part 1	10:4	Modelling of exhaust emission	10:5	Infrastructure related safety issues – part 1	10:6	Asset management - structures	10:7	Poster session
15:00	15:45	Coffee break													
15:45	17:00	11:1	Electric vehicles	11:2	New materials – part 2	11:3	Urban transport system and services – part 2	11:4	In vehicle safety systems including ADAS	11:5	Infrastructure related safety issues - part 2	11:6	Asset management - pavements	11:7	Poster session
		Free evening													
From	To	Thursday, June 10, 2010													
9:00	10:15	12:1	Vehicle design	12:2	CERTAIN - Central European Research in Transport Infrastructure	12:3	Vehicle/highway cooperation	12:4	Mitigation of the environmental impact of transport networks	12:5	Vulnerable road users including powered two wheelers	12:6	Asset management - climate change	12:7	Poster session
10:15	11:00	Coffee break													
11:00	12:15	13:1	Noise reduction, Monitoring and methodology for noise reduction	13:2	Safe road design	13:3	ITS network management	13:4	Models and tools for road safety	13:5	Accident analysis	13:6	New concepts of maintenance and monitoring	13:7	Poster session
12:15	12:30	Break													
12:30	13:30	14:1	Closing session
